Subject: Re: Re John Tallant, Pilot Programme, Govan Mbeki evidence destroyed, IPTS issues

Dear Mr Joubert

I did receive this via my gmail address. Sorry for the delay in acknowledging.

I think the emails via my DoT address get stuck in the spam filter etc.

Give me until next week to go through it in detail. I think I have passed on a previous letter from you to the NMB metro team.

Please understand that we as the national DoT are the transferring officer for the Public Transport Infrastructure and Systems Grant which is a municipal conditional grant that is governed by the Division of Revenue Act.

We receive plans and reports from the city and oversee the grant and set conditions in terms of the grant framework but we leave operational and implementation detail to the city.

In this regard we note your concerns and will discuss with the city if applicable in terms of our mandate, however, the best method for reaching some resolution is for yourself and the city team to engage on the specifics and to share information.

I suspect that you will probably say that the city has not been responding adequately and therefore I am copying the IPTS project leader, Adv Mhleli Tshamase on this email.

Hopefully the city and yourself and engage and reach some resolution on the issues.

Regards

Ibrahim Seedat

Director: Public Transport Network Development

Department of Transport
